L. Hubbard.
Lebanon Sept 2. 1856

Revd. and dear Sir,

Enclosed I send you a memorandum taken from the Record of Deeds in this town by my son, which I think you will find to be correct, The memorandum taken by me it seems was not correct, —

You asked in a former letter for any information respecting Mr. Ichabod Robinson —

I have heard my wife's Mother say, that when he was unable to walk to meeting, he had a hand Cart made convenient to sit upon, and one of his negro men drawed him to Meeting — and into the Aisle where he sat during service — That Rev. Mr Ely. alluded to the circumstance in a funeral Sermon preached on the occasion of his death — as an evidence of his sincere piety, and love and zeal for the service of God's house —

Your Cousin John A. Robinson spent a night with me the latter part of last month, He is preparing a Monument for the Robinson family which is to be brought from N.Y. this month — I am unable to give you the form

further. Than the base is of granite 5. feet &
square – and the whole is to be stone 19. feet high

I despair of getting any thing now from
Aunty – I have repeatedly spoken to her
and she thinks she has seen something
you "would like best" cannot now find "now".
nor can she tell what it is about –

Your Cousin J. A. R. is spending the
Summer at Newport R. I. and will
return to New York the latter part of this
Month –

Mrs. Hebard wishes to be kindly
remembered to you –

Sincerely & truly yours
L. Hebard –

P. S. I leave Friday for a tramp to
Montreal with Mrs H. to be gone about
two weeks –
